# 29. Update on Improvements of Rochester Road

Staff will update the Board this evening on the improvements that will be starting on Rochester Road

Dan Santoro presented an update on the Rochester Road Improvement Project. Mr. Santoro stated the improvements will be from Commerce Park Drive to Graham School Road. The project will be in two phases. The first phase will be from Commerce Drive to the Municipal Center driveway. The second phase will be from the Municipal Center driveway to Graham School Road. The construction is currently underway and will continue through 2021. The improvements will widen the roadway to five lanes over the length of the project. The intersection at Main Street and the Municipal Center entrance will focus on enhancing pedestrian connectivity between the Municipal Center and the Meeder Plan, which involves a traffic signal.

Supervisor Manipole asked if there would be any changes to Graham School Road. Mr. Santoro stated there were no current changes planned.

The Supervisors also inquired about the signal timing with pedestrian cross traffic. Mr. Santoro assured the Board that the pedestrian traffic will be accounted for in the signal timing.
