

## **Cranberry Township Board of Supervisors October 2020**

### **Fairway Facts**

- Audubon Recertification of golf course was done on 10-5. When we get a press release, we will pass it along to communications.
- Final fescue mowing of course is underway and will continue until completed.
- Greens were fertilized the week of 10-5 to get them prepared for greens aeration.
- Greens and tees were aerated, and top dressed the week of 10-12.
- Final greens drag will be done the week of 10-19 and then soil amendments will be applied to balance soils and plant health.
- Divots are still being done weekly.
- Green and tee sprinklers were trimmed the week of 10-5 to insure nothing was hit during aeration.
- Weak rough areas were fertilized the week of 10-5 trying to recover the turf where carts drive.
- Leaf blowing is underway daily to include cleaning greens, tees, fairways and cart paths for playability and safety.
- Turfgrass Center and pump house were cleaned the week of 10-19.
- Interview process is underway for a new Shop Technician.
- Clubhouse area is being cleaned for the season. This includes weeding, spraying, trimming all shrubbery, edging, and putting up snow.
- Solid tinning of fairways is underway to alleviate compaction, pick up air movement and to help with infiltration as well as push root development.
