Subject: Freshcorn Road Improvements Project
Purchase Justification and Temporary Road Closure

The Freshcorn Road Improvements Project consists of full depth reconstruction of the roadway including improvements to both the road width and vertical geometry. The project will also improve the line of sight at Glen Rape Road,

In order to safely complete the project (including tree removal), a temporary closure of Freshcorn Road is necessary between the Madison Heights Development and the Township Line. The closure is anticipated to last three (3) days.

Access will be provided for residents on Freshcorn Road at all times. A detour plan is included. The detour route proposed is Zehner School Road to Route 19 to Heights Drive.

The road closure is proposed to be July . This closure is weather permitting.

This Improvements Project also requires the following Purchase Approvals.
