

Cranberry Township Board of Supervisors March 2022

Fairway Facts

- All the trees at the clubhouse were trimmed and the roadway the week of 2-28.
- Some seasonal staff returned the week of 3-14.
- Greens were aerated and top-dressed the week of 3-14.
- Green topdressing sand was dug for final time the week of 3-28.
- Soil was cleaned up on cart paths throughout the golf course the week of 3-14.
- Sticks have been cleaned up throughout the golf course the week of 3-7.
- Irrigation system was inspected and tested the week of 3-14 and ready for the season.
- All tee signs, sponsorship signs and ball washer posted have been moved off the tee complexes to the other side of the cart paths the week of 3-7. (Ball washers are only being placed on all par 3 holes.)
- Thor guard Lightning System was repaired the week of 3-7. Part of the system works off a solar panel. (No electric needed for this part.)
- Fairways have been mowed for first time the week of 3-21.
- Approaches mowed for first time the week of 3-21.
- All bunkers have been cleaned of leaves/stick debris, washouts patched, and sand redistributed in bunkers to proper playing depths the week of 3-28. New sand will be added to all deficient bunkers.
- End of last season's tee divots are being repaired with sand/seed, starting the week of 3-28.
