RE: Project/Purchase justification for the proposed Refresh of Kids Castle Playground (CP054)

After consultation with staff, I have reviewed the project/purchase noted above and recommend the Township Board of Supervisors consider authorizing the proposed improvements for the kid's castle playground at Community Park at a proposed cost of \$173,818.00.

This project/purchase is needed because portions of the play area are showing wear and need replacement. In addition, the Township is partnering with CTCC in fundraising efforts to help provide funding for the project. This project/purchase will be an open space enhancement.

If the Board of Supervisors approves, it would authorize the Township to enter an agreement with Jeffery Associates. via a cooperative State contract.

Thank you for taking the time to review and consider this request. Funding for this project was considered during the capital improvement planning process. Please let me know if I can answer any further questions regarding this purchase requisition.
