

**DATE:** September 22, 2022

**TO:** Daniel Santoro, Township Manager

**FROM:** Lucas Martsof, Assistant Township Manager

**RE:** Project justification for Franklin Acres Force Main (CP-069)

---

After consultation with staff, I have reviewed the project noted above and recommend the Township Board of Supervisors consider authorizing the Township to enter into an agreement for professional services with Herbert, Rowland & Grubic, Inc, at the proposed cost of \$77,800.00.

If approved, it would provide funding for engineering design and permitting for a new sewer forcemain which will work in concert with a new pump station which is also in design. Approximately 334 homes will be served by this project. This project will ensure superior infrastructure integrity as well as effective service delivery.

Thank you for taking the time to review and consider this request. Funding for this project was considered during the capital improvement planning process. Please let me know if I can answer any questions regarding this project.
