For any questions, please contact:

Chad Julkowski, Director, Information Technology

| 724-776-4806 x 1198 | Chad.Julkowski@cranberrytownship.org

Data Team – The Data Team is responsible for the management of the Township's software applications, databases, reports as well as the GIS system for storing and mapping Township assets and geographical information. The Data Team handles project management, systems implementation and ongoing software maintenance including upgrades, reports, workflows and integration between systems. The GIS system is used to produce maps, data analysis and web applications which provide insight into geographical data including infrastructure, developments, parcels and other layers.

Manager: Dave Hertz

Projects:
